From Jan 2017 to Nov 2019 the Recorders Office used, Power Profile, recreation of this data is not possible, and the numbers came from quarterly reports. AVID went live in November 2019.

ARIZONA SECRETARY OF STATE 2023 ELECTIONS PROCEDURES MANUAL

County Recorders' Duty to Cancel Registrant Information

The County Recorders periodically receive registrant information from governmental entities or official sources that must be processed and potentially lead to the cancellation of a person's voter registration as described below. This process is frequently referred to as "list maintenance." The County Recorder shall scan or retain any record which would commence the removal process and any written response from the voter, which will be included in the voter registration record, and shall update the voter registration address as needed.
